My "informed sources" tell me some very interesting facts about rapid transit you might like to know about. Rapid Transit is not all high speed, twin rail trains speeding you to your destination. Over 300 miles of new bus lines will be established to take folks to and from Rapid Transit stations. This will mean more bus service in areas already served by RTD and new bus service in areas not presently affected. In addition, there will be 5800 to 7300 new jobs in Los Angeles County. Plus the fact if you live near a line or station location, your property will be worth more. These and other facts are contained in a new folder available for the asking.

My daughter, visiting us from up north, had dinner the other night at Ports O' Call Village. She came home raving about the great food and the interesting shops that make up the Village. For a most unusual evening out, one that you can enjoy on RTD, this is the place. Send for a timetable of the line serving Ports O' Call.

Much of my mail calls attention to a problem that RTD is doing its best to solve. That is the telephone information service. It goes without saying that there are times when some of you nice folks get a little upset when you either get a busy signal or a recording. They have almost 70 operators and supervisors taking over 6000 on an average week day. When you realize that these calls require time to look up and answer, you get an idea of the problem. It would speed up the whole process if you would tell the operator where you are, where you want to go and when you want to go. Another tip is, if you get a recording, hang on. No one can get ahead of you and your wait will be shorter. Help RTD to help you and everyone will benefit.

Please advise me what bus to take from Sepulveda and Hawthorne to Century and Hawthorne. Also send me a map and timetable. M.B.W.

A. It will require two buses to do that. Take the 102 bus from Sepulveda to South Bay and the 5 line to Century.

Q. I have to travel from 1st and Highland, Manhattan Beach, to downtown Los Angeles. As I have to transfer to the 44 line, is a transfer good? What is the fare? L.L.W.

A. Yes, your transfer would be good off the 125 line and your fare from Manhattan Beach to Los Angeles is 78c on the 125 line.

Q. Using the 125 line from Palos Verdes Peninsula, where do I transfer to reach the Greek Theatre, the Forum, and Union Station (railroad)? Mrs. F.O.

A. The 125 line comes into Los Angeles on 9th and 7th Streets. For the Greek Theatre, get off at 7th and Hill and catch the 91 bus to Sunset and Vermont, and the 95 up to the Theatre. For the Forum, get off the 125 at the Freeway and Manchester. Walk down from the freeway stop to the stop at either Figueroa or Broadway on Manchester and ride west to the Forum. For the Union Station, ride the 125 to 9th and Broadway and catch the 5 line to the station.

Q. How long does the 125 bus take to go from Hermosa Beach to downtown Los Angeles and what is the fare? Mrs. P.L.T.

A. The trips vary from 45 to 55 minutes and the fare is 70c, one way. I'll send you a timetable and a map.
